Nacogdoches, TX 75961

Re: Road Closure Request for:
CR 706 at Yseleta Creek
Nacogdoches County, CSJ: 0911-08-044

Dear Judge Perry:

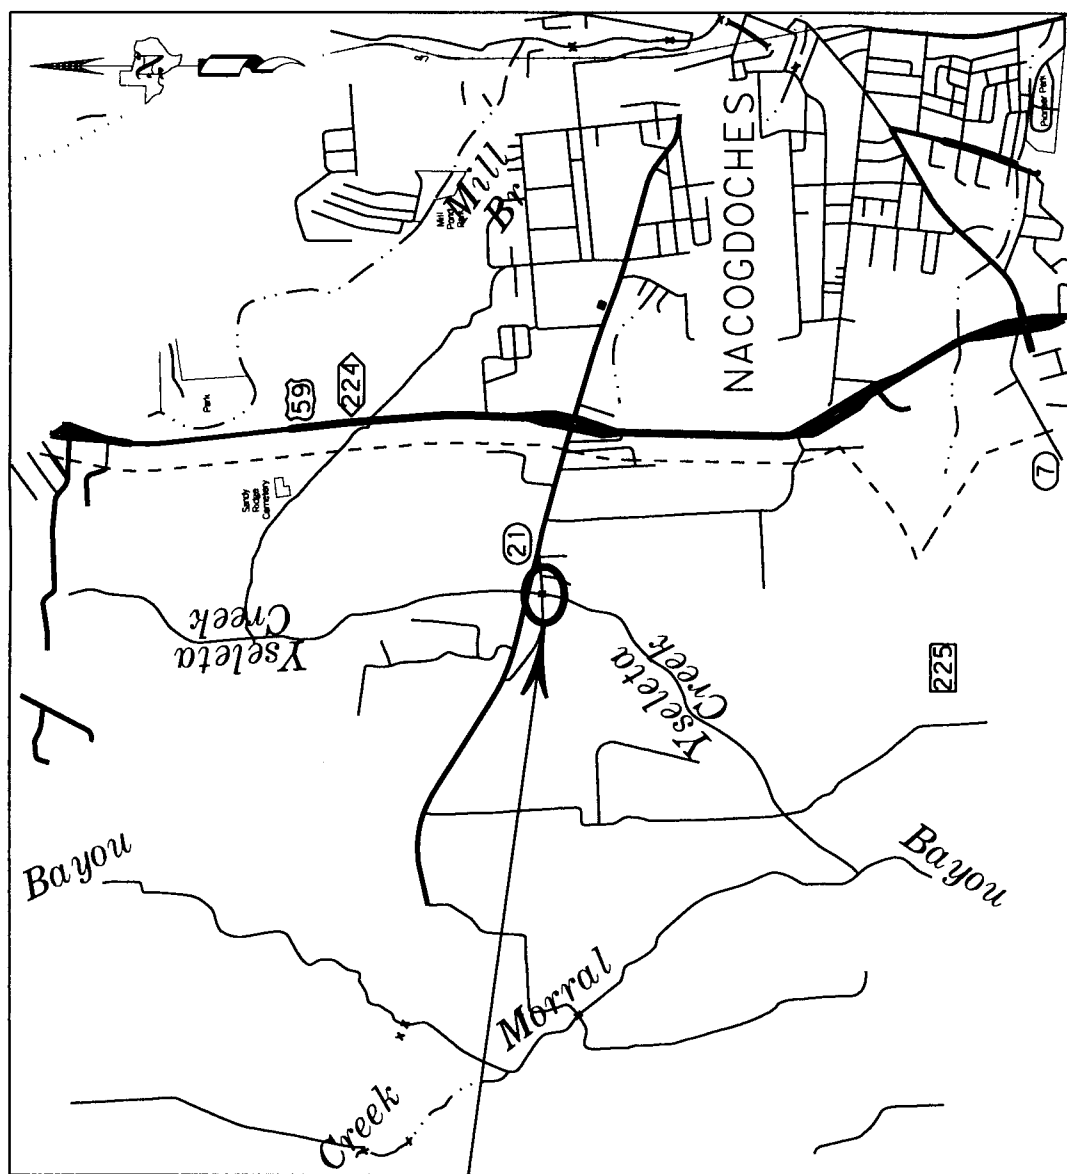

The Texas Department of Transportation (TxDOT) is developing plans for replacing the existing bridge at Yseleta Creek on CR 706. (see attached Location Map). TxDOT has obtained the County Judge's approval to close the Yseleta Creek Bridge to all through traffic during construction. The closure will last approximately five months. Closing the roadway will provide a much safer work zone, expedite construction and reduce construction costs.

We anticipate taking bids on this project in July 2014 with construction beginning about 120 (one hundred and twenty) days later. Should you have any questions concerning this matter, please feel free to contact me at 936-633-4409 or Kevin Buranakitipinyo, Area Engineer, at 936-564-7782.

Sincerely,

Nancy Smith, P.E.
Bridge Engineer
