

Verity Central

High-Speed Central Scanning

digital scanning with a difference

Designed for: Absentee/By-Mail & Other High-Volume Ballot Processing

Easy.

Versatile.

Trustworthy.

When you're faced with a huge stack of ballots to scan, you want the smarter, next-generation digital solution – Verity Central

Hart brought digital technology to elections more than a decade ago. Only Verity Central offers next-generation smarts with the most efficient workflow, the easiest onscreen adjudication and auditing features like you've never seen.

True onscreen adjudication

Verity Central provides unique contest-by-contest resolution for all voter intent issues with clear, color-coded flags and Verity's consistently easy-to-understand, plain-language instructions.

Transparency and easy auditability

With an unmatched variety of image filters, you easily locate exactly the ballot images you want. Plain-language processing notes clearly show exactly how voter selections are recorded.

Election administration simplified

No presorting

Scan multiple precinct styles and/or multiple languages in the same batch, in any orientation.

No outstacking and rescanning

With Verity Central, there's no extra work – just an easy, efficient workflow. Preserve your ballots in their original form, with minimal handling.

No-wait scanning

Verity Central scans without tabulating, so you can start scanning weeks before polls close on Election Day. No more late nights at the scanner.

Cost-effective scalability

Choose the right Hart-integrated COTS scanner for your jurisdiction's size, budget and need for speed. You get industry-best scanning technology with the assurance of Hart support – and EAC certification.

Next-generation digital scanning

Built on 10+ years of digital experience, Verity Central gets more out of the technology than any other high-speed scanning solution – more efficiency, more auditability, more speed.

The Future of Elections

Hart InterCivic is a full service election solutions innovator, partnering with state and local governments to deliver the most secure, accurate and reliable elections.

Cost-effective scalability

Choose the right Hart-integrated COTS scanner for your jurisdiction's size and budget. With options for multiple, networked scanning stations connected to a central server, you can cost-effectively add capacity as needed.

Reduced training time

User-friendly interface has the same look-and-feel as other Verity Voting system components, for shorter training time and lower training costs.

Versatile for long-term value

Verity Central is part of the holistic, scalable Verity Voting solution that can adapt as your needs change.
